Mr File No of 193 | General and Revenue Secretariat

Serial No

Letter No As- 1297-36 dated 16-9 37 from the Municipal Commissioner, Bangalore city submitting a detailed report in the matter- It is reported that a plot measuring 4 acres 32 guntas forming part of the old Karanji tank bed had been given to the Vokkaligara Sangha, but that as the Vokkaligas Sangha authorities were unable to utilise the plot for a park or garden, it was ordered in the Rg O* of 4-7-32 that the said plot be resumed On the representation of the office bearers of the Sangha, the order of resumption was held in abeyance subject to the condition of the Sangha executing certain improvements As no improvements have been effected by the Sangha and as the plot has been left neglected the Municipal Commissioner recommends that the order of resumption may be given effect to immediately-

* F

They have made a few minor improvements but the land still forms part of the same neglected appearance order of resumption already passed may be given effect to

2] The area taken up for the Boulevard from the said plot is stated to be one acre- The Municipal Commr requests that the remaining area of 3 acres 32 guntas may be taken back from the Sangha and handed over to the Municipality for laying land out into a garden

This matter follows

3] Incidentally the Municipal Commr states

that the land under the control of the Sangh is very much more than they can affor to maintain satisfactorily - He therefore recommends that the area occupied by the present buildings and the front open space of 2 3/4 guntas may be left to the Sangha and the remaining area of 5 acres 11 1/2 gun may also be resumed and utilised for public purposes The Municipal Commr also states that for the last 26 years (no steps have been taken to keep) the Sangha grounds neat and tidy and it is better that the grounds are taken over by the Municipality or Govt

SIR

With reference to the correspondence ending with your letter No L 2490/M1 dated the 2nd instant regarding the lands - granted to the Vokkaligara Sangha, I have the honour to state as follows -

The total extent of land granted to the Vokkaligara Sangha is 12 acreas and 16 guntas comprising of two plots one of 7 acres and 24 guntas for building purposes, and another measuring 4 acres 32 - guntas out of the old Karanji Tank Bed, for laying out a park or flower garden The first plot comprises an area of 5 acres 35 guntas of private land acquired by Government and handed over to the Sangha Another piece of Government land comprising an area of 1 acre and 29 Guntas was added to this The second plot of 4 acres and 32 guntas formed part of the old breached Karanji Tank, Vide G O No 9434/M1 879-08-2 dated 29th March 1909

As the Sangha authorities were unable to utilize the second plot for laying it out into a park or flower garden, Government in their order dated 4th July 1932 ordered that the second plot of 4 acres and 32 Guntas forming part of the old Karanji tank bed may be resumed, Vide G O No L 57-60/M1 257-31-2 dated 4th uly 1932 Thereupon the office bearers of the Sangha interviewed the Dewan & the order of resumption was held in abeyance subject to the -

the condition of the Sangha executing certain improvements Beyond putting up gate pillars and certain minor improvements, the Sangha has done nothing so far to raise a park or flower garden No garden has been raised even in front of the building and this particular plot remains untouched The slopes of this tank bund are as untidy as ever and no attempt has been made by them to level up this tank bed They have allowed the sewage of the Hostel to flow into this tank bed On the whole the place xxxxxx presents a very untidy appearance. I would therefore recommend that the order of resumption passed in the Government order of July 1932 may be given effect to immediately

The total area of this plot is 4 acres and 32 guntas Out of this we have already taken up an area of 1 acre for - laying out a Bouleward along the Sri Krishnarajendra road The remaining area, viz , 3 acres and 32 guntas may also be taken from the Sangha and handed over to the Municipality for raising a garden The work in the Bouleward is in rapid progress and the raising of the park on the remaining area will be taken up as soon as the land is resumed

I am submitting herewith a plan showing the grounds occupied by the Sangha with the building as it now exists The bed of the old Karanji tank now proposed to be raised is marked " E " in the plan The area now utilized for the Bouleward is marked A D Y X Even after this plot is resumed, the Sangha will be in possession of land measuring 7 acres and 24 Guntas The area actually covered by the building is marked R M O Q This is only 1 acre and 22¾ Guntas The front open space viz , L R Q P is 29¾ Guntas The side open space viz , P Q O N.B measures 2 acres and ten Guntas ~~This entire area~~ - is kept very untidy The land under the control of the Sangha is very much more than they can ever afford to maintain

maintain satisfactorily I therefore feel that the area actually covered by the building viz , 1 acre and 22¼ Guntas and the front open space viz , 29¾ Guntas or in all 2 acres and 12½ Guntas may be left to the Sangha and the - rest of the area viz , 5 acres and 11½ Guntas may be taken back from the Sangha and utilized for public purposes This is a new proposal and the area now recommended to be resumed is in addition to the plot of 4 acres and 32 untas, out of the old Karanji Tank Bed I dare say the Sangha will object to the resumption of this area But the - entire area was given to them free of cost For the past 26 years they have done nothing to keep the ground tidy The surroundings of the Sangha cannot be improved unless the grounds are taken over by the Municipality or Government

This is a new proposal

I therefore submit this proposal for the consideration of Government

I have the honour to be,

Sir,

Your most obedient servant,

Municipal Commissioner.

In re G O No L 3304-9L1 120-32 d 1-10-37 directing resumption of 3 acres 32 guntas of tank-bed portion of the Vokkaligara Sangha land

Sir,

Re the above, I have the honour to request that you will be pleased to place the following representation before Govt for their gracious and favourable consideration -

1 The Sangha was unable to take on hand the conversion of land into a garden on account of the fact that, whenever there were heavy rains water would stagnate in the land in question and thus ruin any garden that might have been existing In spite of repeated reminders to the Municipality the matter was unattended to by them and it is only about a month ago that they took on hand and completed the work of providing for the draining away of such water At the same time the Sangha completed the work of putting

up stone pillars and wire-fencing, immediately after which and before the passing of the said G O , arrangements had been completed for the taking on hand of gardening work which is now well in progress

In these circumstances, the Sangha most earnestly and respectfully prays that the Govt will be graciously pleased to revoke the said G O , or keep the same in abeyance for a reasonable time, say 6 months, by which time the land would have been completed converted into a garden

Sir,

As you were pleased to visit the Vokkaligara Sangha Buildings and land on 12-2-1938 and to be satisfied with the Sangha's work of converting the western portion of the land into a garden and with the representations made by the General Secretary and the other members of the Executive Council who were present that the delay was due to the delay on the part of the Municipality in arranging for the drainage of rain-water which used to accumulate there, we request, on behalf of the Sangha, that you will be graciously pleased to revoke G O No L 3304-9/Md 120-32 d 1-10-1937 ordering resumption of the land
